

# Dataplace - System release notes for 30 June 2023

This document identifies changes made to the question set and the inclusion of additional information. Changes implemented to improve clarity and usability are noted as operational.

 Added - question/upload function  Added - information  Changed - question/text change  Removed  Moved

## Project tab

#	Type	Previous question	New   Revised question	Reason
1	Changed - question/text change	<b>Confirm the pathway to assist with data sharing*</b> <ul style="list-style-type: none"><li>DATA Scheme data sharing agreement</li><li>General data sharing agreement</li><li>Upload a data sharing agreement</li><li>Project summary (no agreement)</li></ul>	<b>Confirm the pathway to assist with data sharing *</b> <ul style="list-style-type: none"><li>DATA Scheme data sharing agreement</li><li>General data sharing agreement</li><li>Project summary (no agreement)</li></ul>	Operational - upload function is now a separate question
2	Added - information		<b>DATA Scheme - Information</b> Only authorised officers under the Data Availability and Transparency Act 2022 can approve data sharing agreements made under the Act. Each party should check the person nominated to approve this agreement is an authorised officer under the DAT Act	DATA Scheme information
3	Changed - question/text change Information Panel	<b>General data sharing agreement</b> General data sharing agreements generated in Dataplace are currently in beta. We have taken care to ensure that the clauses used to generate an agreement that covers the typical risks arising in data sharing projects involving Commonwealth data. However, we are in the process of incorporating stakeholder feedback and further legal guidance. We recommend you obtain legal advice prior to using any agreement generated in Dataplace, while we take onboard stakeholder feedback <u>and obtain further legal</u>	<b>General data sharing agreement</b> General data sharing agreements generated in Dataplace are currently in beta. We have taken care to ensure that the clauses used to generate an agreement that covers the typical risks arising in data sharing projects involving Commonwealth data. However, we are in the process of incorporating stakeholder feedback and further legal guidance. We recommend you obtain legal advice prior to using any agreement generated in Dataplace, while we take onboard stakeholder feedback over	Operational

		<a href="#">advice</a> over the coming months. If you have comments or questions please <a href="#">contact us</a> .	the coming months. If you have comments or questions please <a href="#">contact us</a> .	
4	Moved - question	<b>What privacy coverage applies to the user?</b>	Moved to Supplementary tab	Operational
5	Added - question		<p><b>Please confirm if you are using the Dataplace generated agreement or if you will be uploading your own *</b></p> <p>Auto-generated data sharing agreements are in development. Dataplace can auto-generate a draft agreement which you may choose to adapt or approve as is. You may upload an agreement under the DATA Scheme or for general data sharing under another legal framework. Please ensure you have engaged appropriate legal advice in the preparation of the agreement. Once you upload your agreement, you can use Dataplace to assist with s34 reporting requirements to the National Data Commissioner under the DAT Act.</p> <ul style="list-style-type: none"> <li>• Dataplace generated agreement</li> <li>• Upload adapted Dataplace generated agreement</li> <li>• Upload custodians own agreement</li> </ul>	Operational - new upload function allows both pathways (DATA Scheme or General) to remain.
6	Added - information	<p><b>The purpose(s) for sharing the data for this project*</b></p> <p>Select all that apply</p> <ul style="list-style-type: none"> <li>• Delivery of government services</li> <li>• Informing government policy and programs</li> <li>• Research and development</li> <li>• Enforcement / compliance</li> <li>• Other (describe)</li> </ul>	<p><b>The purpose(s) for sharing the data for this project *</b></p> <p>Data sharing under the DATA Scheme must be for only prescribed purposes (delivery of government services, informing government policy and programs or research and development). Select all that apply</p> <ul style="list-style-type: none"> <li>• Delivery of government services</li> <li>• Informing government policy and programs</li> <li>• Research and development</li> <li>• Enforcement / compliance</li> <li>• Other (describe)</li> </ul>	DATA Scheme
7	Removed - question	<b>Justify why the data sharing project which is using public sector data, does not need to be in the public interest?</b>		Operational - justification is included in the project description

8	Changed - question/ text change	<b>Describe the project (including how it is in the public interest if applicable)</b>	<b>Describe the project (including how it is, or is not in the public interest)*</b> Data sharing under the DATA Scheme is required to be in the public interest. You should ensure the description of the data sharing project includes a description of how the data sharing is in the public interest. Public interest requirements are defined in the Data Availability and Transparency Code 2022. <a href="#">Legislation   Office of the National Data Commissioner</a> .	DATA Scheme - edited to include public interest justification
	Added - information			
9	Changed - question/ text change	<b>Will a data service provider (or ADSP) be involved in this project?</b>	<b>Will one or more data services be provided as part of this project?</b> This could include data integration, data treatment or provision of data access	Operational - generalised to account for other parties to provide data services
10	Changed - question/ text change	<b>What service(s) will the data service provider (or ADSP) be undertaking?</b> <ul style="list-style-type: none"> <li>• De-identification data service</li> <li>• Secure access data service</li> <li>• Complex data integration service</li> <li>• Confidentiality treatment service</li> <li>• Data integration service</li> </ul>	<b>What service will be provided?</b> <ul style="list-style-type: none"> <li>• De-identification data service</li> <li>• Secure access data service</li> <li>• Complex data integration service</li> <li>• Confidentiality treatment service</li> <li>• Data integration service</li> <li>• Other (describe)</li> </ul>	Operational - generalised to account for other parties to provide data services and include other services
11	Removed - question	<b>Will data integration be undertaken as part of this project?</b> <ul style="list-style-type: none"> <li>• Yes</li> <li>• Yes - complex data integration</li> <li>• No</li> </ul>		Operational - integration questions now included in data services questions

12	Changed - question/text change	<b>Who will undertake data integration?</b> <ul style="list-style-type: none"> <li>• User</li> <li>• Data custodian</li> <li>• Data service provider</li> <li>• Other</li> </ul>	<b>Who will provide the service?</b> <ul style="list-style-type: none"> <li>• Data user (or accredited user)</li> <li>• Data custodian</li> <li>• Intermediary (including ADSP)</li> </ul>	Operational - integration questions now included in data services questions
13	Added - question		<b>Provider name</b>	Operational
14	Added - question		<b>Describe the service to be provided</b> Include any time frames relevant to the service	Operational
15	Added - question		<b>Select which of the following apply to this data custodian</b> <ul style="list-style-type: none"> <li>• The data custodian is an ADSP</li> <li>• The data custodian is not an ADSP, but able to perform the service</li> </ul>	DATA Scheme requirement
16	Added - question		<b>If applicable, provide the reason(s) for the decision that the risk of the data integration causing substantial harm is low.</b> This decision may only be made by an authorised officer of a data custodian of data that is to be integrated. Upload any decisions in the related attachments section under the documents tab.	DATA Scheme requirement
17	Removed - question	<b>Has the custodian confirmed the service to integrate data is not complex data integration service under section 16D of the DAT Act?</b>		Operational - covered in above question
18	Removed - question	<b>Has the custodian confirmed that they are not barred from sharing the data for this project for any reason under the DAT Act?</b>		Operational - covered in assessment

19	Added - information	<b>Is an applicable ethics process (including any approval) required for this project? *</b> <ul style="list-style-type: none"> <li>• Yes - done and/or approved</li> <li>• Yes - in progress and/or not yet approved</li> <li>• Yes - not commenced/submitted</li> <li>• No</li> </ul>	<b>Is an applicable ethics process (including any approval) required for this project?</b> For sharing under the DATA Scheme, if there is more than one applicable ethics process, parties must observe at least one of those processes <ul style="list-style-type: none"> <li>• Yes - done and/or approved</li> <li>• Yes - in progress and/or not yet approved</li> <li>• Yes - not commenced/submitted</li> <li>• No</li> </ul>	DATA Scheme information
20	Changed - question/ text change	<b>Confirm the requirement for an applicable ethics process</b> <ul style="list-style-type: none"> <li>• Legal requirement</li> <li>• Policy requirement</li> </ul>	<b>Confirm the requirement for an applicable ethics process</b> <ul style="list-style-type: none"> <li>• Legal requirement</li> <li>• Policy requirement</li> <li>• Project specific requirement by the data custodian</li> </ul>	Operational - to allow for project specific requirements
21	Changed - question/ text change	<b>What is the applicable ethics process?</b> State who has or will conduct the approval (e.g. an organisation's ethics committee) and briefly describe the process.	<b>Describe the applicable ethics process to be observed?</b> State who has or will conduct the approval (e.g. an organisation's ethics committee) and briefly describe the process. Include how the parties have agreed on which process will be observed if more than one process is applicable.	Operational - to include where multiple processes are applicable
22	Changed - question/ text change	<b>Provide ethics approval number if known</b>	<b>Provide a reference (such as an ethics approval number) for the process if known</b>	Operational – to allow ethics approvals currently being undertaken
23	Added - question		<b>Do all parties agree this ethics process covers all requirements?</b>	DATA Scheme
24	Added - question		<b>Provide other ethics processes required</b>	Operational - statement included when parties do not agree that the ethics process covers all requirements

25	Changed - question/ Text change	<b>Are there obligations from the ethics approval that should be included in this data sharing arrangement?</b>	<b>Are there obligations relating to observing the ethics process that should be included in this data sharing arrangement?</b>	Operational
26	Changed - question/ text change	<b>Describe the obligations of parties to maintain ethical conduct</b>	<b>Describe the obligations of parties in relation to observing any applicable ethics process</b>	Operational
27	Changed - question/ text change	<b>Approval type</b> Type may include, financial (funding arrangements), IT, security	<b>Approval type</b>	Operational - information moved to question heading
28	Changed - question/ text change	<b>What governance arrangements will apply for this data sharing project?</b> <ul style="list-style-type: none"> <li>• Review of agreement</li> <li>• Report on progress</li> <li>• Establish or use an oversight body</li> <li>• Access to premises or systems</li> </ul>	<b>What governance arrangements will apply for this data sharing project?</b> <ul style="list-style-type: none"> <li>• Review of agreement</li> <li>• Report on progress</li> <li>• Establish or use an oversight body</li> <li>• Access to premises or systems</li> <li>• Matters to be disclosed by the user</li> <li>• A formal process to notify parties and manage issues</li> <li>• A formal process to manage disputes at the executive level</li> </ul>	DATA Scheme - governance arrangements
29	Moved - question	<b>Are there known current, or perceived conflicts of interest to be disclosed and managed?</b> Including related conflict of interest questions: <b>What are the conflicts of interest?</b> <b>Party with the conflict of interest</b> <b>Describe the conflict of interest</b> <b>Describe how it is managed</b>	Moved to People tab	Operational
30	Changed - question/ text change	<b>Describe the purpose for accessing the users premises</b>	<b>Describe the purpose for accessing the users premises or systems</b>	Operational
31	Changed - question/	<b>What requirements will be on the user when the data custodian is accessing their premises?</b>	<b>What requirements will be on the user when the data custodian is accessing their premises or systems?</b>	Operational

	text change			
32	Added - question		<b>Describe the matters to be disclosed by the user in relation to representations to the Data custodian.</b>	DATA Scheme
33	Added - question		<b>What process(es) to notify parties and manage issues will be undertaken?</b>	DATA Scheme
34	Added - question		<b>What process(es) to manage disputes at the executive level will be undertaken?</b>	DATA Scheme

## People tab

#	Type	Previous question	New   Revised question	Reason
35	Changed - question/ text change	<b>Who will have access to the data? *</b> <ul style="list-style-type: none"> <li>Entire organisation</li> <li>Members of the project team (that may be across more than one organisation)</li> <li>Named individuals (including foreign nationals)</li> </ul>	<b>Who will have access to the data? *</b> <ul style="list-style-type: none"> <li>Entire organisation</li> <li>Members of the project team (that may be across more than one organisation)</li> <li>Individuals</li> </ul>	Operational
36	Changed - question/ text change	<b>Describe the organisation's experience with projects involving the requested data.</b> If the organisation does not have experience describe how the organisation proposes for its people to safely handle the data	<b>Briefly describe relevant experience with projects involving the sharing of public sector data that the individuals, or group of individuals, accessing data have.</b>	Operational – only visible in draft status for assessment purposes
37	Removed - question	<b>Describe how your organisation ensures its people can handle data securely.</b>		Operational - covered in relevant experience question and assessment
38	Removed - question	<b>Describe if your organisation has had any legal data breaches and what training or education for your people, that you have implemented to manage.</b>		Operational - covered in relevant experience

				question and assessment
39	Removed - question	<b>Can non-Australian citizens or non-Australian permanent residents access the data?</b>		Operational
40	Changed - question/ text change	<b>Do non-Australian citizens or non-Australian permanent residents need to be named?</b>	<b>Do individuals or team members that will be accessing the data need to be named?</b> Under the DAT Act all foreign nationals must be named in a data sharing agreement	Operational/ DATA Scheme
41	Changed - question/ text change	<b>Named individuals</b> <b>First name</b> <b>Last name</b> <b>Position title</b> <b>Designation</b> <b>Organisation</b> <b>Role in project</b> <b>Nationality</b>	<b>Named individuals</b> <b>Is this individual a foreign national?</b> <b>First name</b> <b>Last name</b> <b>Preferred name</b> <b>Previous names</b> <b>Position title</b> <b>Designation</b> <b>Organisation</b> <b>Role in project</b> <b>Nationalities</b> if more than one nationality, separate by comma	DATA Scheme requirements
42	Added - question		<b>Is the Accredited user an Australian university?</b>	DATA Scheme
43	Added - question		<b>Have conflicts of interest been identified that need to be declared or managed for individuals using shared data or outputs?</b> For sharing DATA Scheme, conflicts of interest must be declared and managed	Operational
44	Changed - question/ text change	<b>What are the conflicts of interest?</b> <ul style="list-style-type: none"> <li>• Actual</li> <li>• Potential</li> <li>• Perceived</li> </ul>	<b>What conflicts of interest are relevant for this project?</b> <ul style="list-style-type: none"> <li>• Actual</li> <li>• Potential</li> <li>• Perceived</li> </ul>	Operational

45	Changed - question/ text change	<b>Describe how it is managed</b>	<b>Describe how conflict is managed</b>	Operational
46	Changed - question/ text change	<b>What characteristics and skills to handle data do the individual users of the data need to have?</b> For data sharing under the DATA Scheme, ensure these are reviewed against requirements of section 16 (4) of the DAT Act	<b>What characteristics and skills to handle data do the individual users of the data need to have?</b> For data sharing under the DATA Scheme, ensure these are reviewed against requirements of sections 16(3) and 16(4) of the DAT Act and sections 11 and 12 of the DATA Code 2022	DATA Scheme information
47	Added - information	<b>Define the attributes users must have</b>	<b>Define the attributes users must have</b> Include any evidence that may be relevant for the custodian, and the process the custodian may use, to assess the attributes of an individual user or class of user	Operational
48	Added - information	<b>Define the qualifications users must have</b>	<b>Define the qualifications users must have</b> Include any evidence that may be relevant for the custodian, and the process the custodian may use, to assess the qualifications of an individual user or class of user	Operational
49	Added - information	<b>Define the affiliations the users have</b>	<b>Define the affiliations the users have</b> Include any evidence that may be relevant for the custodian, and the process the custodian may use, to assess the affiliations of an individual user or class of user	Operational
50	Added - information	<b>What expertise must the users have?</b>	<b>What expertise must the users have?</b> Include any evidence that may be relevant for the custodian, and the process the custodian may use, to assess the expertise of an individual user or class of user	Operational
51	Changed - question/ text change	<b>Will parties be using contracts or contractors for this project?</b> You can specify either people (sub-contractors) or contracts, which govern the use of sub-contractors or consultants (approved contract). If you allow this option, you will be able to provide access to the data under this agreement for those sub-contractors or contractual arrangements.	<b>Will parties be using contracts or contractors for this project?</b> You can specify either people (contractors) or contracts, which govern the use of contractors or consultants (approved contract). If you allow this option, you will be able to provide access to the data under this agreement for those contractors or contractual arrangements.	Operational

	Added - information		<b>DATA Scheme - Information</b> The use of contracts or contractors must be compatible with the accreditation (including conditions) of parties as well as the authorisation to share, collect and use data under the DATA Scheme. Ensure the relevant information relating to foreign nationals specified in section 5 of the Data Availability and Transparency (National Security Measures) Code is included for any foreign nationals that are involved in a contract(s).	DATA Scheme information
53	Changed - question/text change	<b>Contractors details</b> Provide details for each contract/sub contractor that is approved to provide services for this data project. You can include sub contractors as individuals or contracts with an organisation in this section.	<b>Contractors details</b> Provide details for each contract or contractor that is approved to provide services for this data project. You can include contractors as individuals or contracts with an organisation in this section.	Operational

## Settings tab

#	Type	Previous question	New   Revised question	Reason
54	Changed - question/text change	<b>How will access to the data be provided? *</b> <ul style="list-style-type: none"> <li>• Provided (transmitted) to user</li> <li>• Provided via an Accredited Data Service Provider (ADSP) secure access data service</li> <li>• Provided via the custodian's infrastructure (for example secure environment)</li> <li>• Other (describe)</li> </ul>	<b>How will access to the data be provided? *</b> <ul style="list-style-type: none"> <li>• Transmitted by the custodian to the user</li> <li>• Transmitted to user via an intermediary (including ADSP)</li> <li>• Via a secure access data service by an intermediary (including ADSP)</li> <li>• Via a secure access data service by the data custodian</li> <li>• Other (describe)</li> </ul>	Operational - generalised to account for other parties to provide data services
55	Added - information	<b>Do you want to include controls around transmission, storage and security requirements?</b>	<b>Should controls around transmission, storage and security be included for the user?</b> Including controls are required for data sharing under the DATA Scheme	DATA Scheme information
56	Added - information	<b>Where will the data be stored by the user?</b>	<b>Where will the data be stored by the user?</b> For DATA Scheme sharing, the shared data may not be stored outside of Australia	DATA Scheme information

57	Changed - question/ text change	<b>Describe any specific security requirements that the user must apply to keep the data and outputs (products) safe</b> Include any standards that must apply (such as applicable Commonwealth security standards)	<b>Describe how the data will be shared, collected and used by the user in an appropriately controlled environment with reasonable security standards applied.</b> Include any standards that must apply (such as applicable Commonwealth security standards)	Operational
58	Removed - question	<b>Describe any specific security requirements that must be applied to keep the data and outputs (products) safe</b>		Operational - Included in above question
59	Added - information	<b>Where will the data be stored?</b>	<b>Where will the data be stored?</b> For DATA Scheme sharing, the shared data may not be stored outside of Australia	DATA Scheme
60	Changed - question/ text change	<b>How is the data shared, collected and used in an appropriately controlled environment with reasonable security standards applied?</b>	<b>Describe how the data will be shared, collected and used by the data custodian or data service provider (including ADSP) in an appropriately controlled environment with reasonable security standards applied.</b> For data sharing under the DATA Scheme, entities must take into account s13 of the DATA Code 2022 including that accredited entities that are not Commonwealth bodies may be required to comply with all or part of Commonwealth security standards.	Operational/ DATA Scheme information
	Added - information			

## Data tab

#	Type	Previous question	New   Revised question	Reason
61	Added - question		<b>Will the data custodian create the specified dataset for the purpose of sharing as part of the project?</b>	DATA Scheme
62	Changed - question/ text change	<b>Will the specified dataset contain sensitive data (including personal or biometric data)?</b> If you are unsure if it is sensitive data or includes personal information find out more here.	<b>Will the specified dataset contain sensitive data, personal information or biometric data?</b> If you are unsure if it is sensitive data or includes personal information find out more here.	Operational

63	Changed - question/ text change	<b>Why is the dataset sensitive?</b> <ul style="list-style-type: none"> <li>• Cultural</li> <li>• Vulnerable individuals or groups</li> <li>• Commercial</li> <li>• Industry or sector</li> <li>• Environmental</li> <li>• De-identified personal information</li> <li>• Anonymised data not relating to people</li> <li>• Unit level data</li> <li>• Information that may be considered sensitive by a party</li> <li>• The data is to be used for more than one project</li> <li>• Other (describe)</li> </ul>	<b>What aspects of the data make it sensitive?</b> <ul style="list-style-type: none"> <li>• Cultural</li> <li>• Vulnerable individuals or groups</li> <li>• Commercial</li> <li>• Industry or sector</li> <li>• Environmental</li> <li>• Data is de-identified, including by application of the data sharing principles in this agreement</li> <li>• Data is anonymised, including by application of the data sharing principles in this agreement</li> <li>• Unit level data</li> <li>• Information that may be considered sensitive by a party</li> <li>• The data is to be used for more than one project</li> <li>• Other (describe)</li> </ul>	Operational
64	Added - question		<b>Describe the de-identified data in this dataset</b>	Operational - to provide additional information on sensitivities
65	Added - question		<b>Is the reidentification of de-identified data to be prohibited?</b>	Operational - to provide additional information on sensitivities
66	Added - question		<b>Describe the anonymised data in this dataset</b>	Operational - to provide additional information on sensitivities
67	Added - question		<b>Is reidentification of anonymised data to be prohibited?</b>	Operational - to provide additional information on sensitivities

68	Added - information	<b>Describe how the dataset is necessary to achieve the purposes of the project</b>	<b>Describe how the dataset is necessary to achieve the purposes of the project *</b> For data sharing under the DATA Scheme, include justification that only data necessary for the project has been shared	DATA Scheme information
69	Removed - question	<b>What is the frequency for the supply of data?</b> <ul style="list-style-type: none"> <li>• Daily</li> <li>• Weekly</li> <li>• Monthly</li> <li>• Quarterly</li> <li>• 6 monthly</li> <li>• Annually</li> </ul>		Operational – covered in existing questions
70	Changed - question/ text change	<b>Describe the timeframe over which the data will be accessed</b>	<b>Describe the timeframe over which the data will be collected and used</b>	Operational
71	Added - information	<b>Select all arrangements that will apply to this dataset</b>	<b>Select all arrangements that will apply to this dataset</b> For sharing under the DATA Scheme, sharing of personal information generally requires consent, and consent is mandatory for biometric data	DATA Scheme information
72	Added - information	<b>Describe why consent is not required to share personal information</b> Include what provision in a relevant privacy legislation allows for not seeking consent. Also describe how seeking consent is unreasonable or impracticable.	<b>Describe why consent is not required to share personal information</b> Include what provision in a relevant privacy legislation allows for not seeking consent. For DATA Scheme sharing include how the sharing without consent is consistent with s16B of the DAT Act. Also describe how seeking consent is unreasonable or impracticable.	DATA Scheme information
73	Added - question		<b>Detail the dataset information to be provided</b>	Operational - to allow for additional information (metadata or quality statements)

74	Moved – upload function	<b>Upload documents describing your requirements</b>	Moved to sit within each dataset	Operational
<b>Outputs tab</b>				
#	Type	Previous question	New   Revised question	Reason
75	Added - question		<b>Is output public sector data for the purposes of the DAT Act?</b>	DATA Scheme requirement
76	Changed - question/ text change	<b>Will personal information be included in this output?</b>	<b>Does the specific output include personal information?</b>	Operational
77	Changed - question/ text change	<b>Describe what personal information will be included in the output</b>	<b>Provide a general description of the personal information in the specific output</b>	Operational
78	Changed - question/ text change	<b>Do you wish to appoint a custodian to the outputs?</b>	<b>Will an entity be appointed as the data custodian of the specific output under the DAT Act and is permitted to share the output as the data custodian under the Act?</b>	DATA Scheme
79	Added - question		<b>Who will be appointed the data custodian of the specific output?</b> Under the DAT Act, an entity appointed as data custodian of output must be a Commonwealth body and not an excluded entity <ul style="list-style-type: none"> <li>• Accredited user</li> <li>• Accredited data service provider</li> <li>• Data custodian</li> <li>• Other Commonwealth body</li> </ul>	DATA Scheme
80	Changed - question/ text change	<b>Who will be the data custodian of the output (dataset)?</b>	<b>Name of data custodian for specific output</b>	DATA Scheme
81	Added - question		<b>What is the reason for the appointment of the entity as data custodian of the specific output?</b>	DATA Scheme

82	Added - question		<b>Describe the requirements for providing a copy of the specific output to the appointed data custodian</b> Include requirements for transmission, storage and use of the specific output	DATA Scheme
83	Changed - question/ text change	<b>What provision of legislation permits the exit?</b>	<b>What provision of the DAT Act permits the exit?</b>	Operational
84	Changed - question/ text change	<b>Output channel *</b> <ul style="list-style-type: none"> <li>Publicly released</li> <li>Provided to data subject internal purposes</li> <li>Data user's internal use only</li> <li>Other (describe)</li> </ul>	<b>What may the (accredited) user do with the specific output?*</b> <ul style="list-style-type: none"> <li>Release the specific output</li> <li>Provide a copy, or access to a copy, of the specific output to another entity</li> <li>Retain a copy for internal purposes</li> <li>Other (describe)</li> </ul>	Operational
85	Added - question		<b>What is the purpose of the release of the specific output?</b>	Operational
86	Added - question		<b>What are the circumstances where release is permitted?</b>	Operational
87	Added - question		<b>Describe any additional requirements for release</b>	Operational
88	Added - question		<b>Who will be the recipient of the specific output?</b> <div> <div>Type</div> <div> Data Custodian  Intermediary  Individual  Business  Other </div> </div> <div> <div>Name</div> </div>	Operational
89	Added - question	<b>Is a review by the custodian required for this output?</b>	<b>What is the purpose of the provision of, or access to, a copy specific output?</b> <ul style="list-style-type: none"> <li>Validation or correction of data</li> <li>Review of specific output</li> <li>Other (describe)</li> </ul>	Operational
	Changed - question/ text change			

90	Added - question		<b>Describe the class of business and not-for-profit entities who may be provided with access to specified output</b>	DATA Scheme
91	Added - question		<b>Describe the class of individuals who may be provided with access to specified output</b>	DATA Scheme
92	Changed - question/ text change	<b>Describe the review requirements and What is the review process?</b>	<b>Describe the review purpose and process</b>	Operational
93	Removed - question	<b>Will the outputs be otherwise reviewed?</b>		Operational
94	Removed - question	<b>Why does the output need to be reviewed?</b>		Operational – included in new question
95	Removed - question	<b>Who will do the process?</b>		Operational – included in new question
96	Changed - question/ text change	<b>Do the parties that will be provided access to outputs need to be briefed before they can access outputs?</b>	[Provide a copy, or access to a copy, of the specific output to another entity] <b>Does the recipient of the specific output need to be briefed prior to access?</b>	Operational
97	Removed - question	<b>Describe briefing requirements</b>		Operational – included in additional briefing question
98	Added - question		<b>What is the timeframe for briefing?</b>	Operational
99	Added - question		<b>What are the circumstances where providing access or a copy is permitted?</b>	Operational
100	Added - question		<b>Describe any additional requirements for providing access or a copy</b>	Operational

101	Added - question		<b>Name the party responsible for seeking consent from individuals for the use of their personal information</b>	Operational
102	Added - question		<b>Describe the process for seeking consent</b>	Operational
103	Added - question		<b>What is the form of consent?</b>	Operational
104	Added - question		<b>What is timeframe for seeking consent?</b>	Operational
105	Changed - question/ text change	<b>What treatment or process will be applied to the outputs to limit re-identification or protect confidentiality?</b>	<b>What treatment or process will be applied to the specific output to limit re-identification or protect confidentiality?</b> For DATA Scheme sharing, if shared data has undergone a de-identification process, detail how the specific output will remain de-identified	Operational/ DATA Scheme information
	Added - information			

### Supplementary tab

#	Type	Previous question	New   Revised question	Reason
106	Changed - question/ text change	<b>General data sharing agreement</b> General data sharing agreements generated in Dataplace are currently in beta. We have taken care to ensure that the clauses used to generate an agreement that covers the typical risks arising in data sharing projects involving Commonwealth data. However, we are in the process of incorporating stakeholder feedback and further legal guidance. We recommend you obtain legal advice prior to using any agreement generated in Dataplace, while we take onboard stakeholder feedback <u>and obtain further legal advice</u> over the coming months. If you have comments or questions please <a href="#">contact us</a> .	<b>General data sharing agreement</b> General data sharing agreements generated in Dataplace are currently in beta.
